# **Skills Development**

1 Read and number the pictures.

Ricky Miller is 13 years old. In the morning, he walks to school with some friends. He doesn't go home after school. He takes the bus to the park. There he meets some other skateboarders.

At the park, Ricky practices old tricks on the skateboard and learns new ones. He falls down a lot. But that is part of skateboarding. At 7 o'clock, Ricky's mom picks him up. When they get home, he usually feels very tired and hungry. He eats dinner with his family and then he takes a shower. After that, he does his homework. At ten o'clock, Ricky goes to bed.
